CONCEPT

"I think having land and not ruining it is the most beautiful art that anybody could ever want."

Cit. Andy Warhol

A quote that inspired me for the creation of a capsule collection that rides the theme of sustainability.

The focus of the collection is regenerated jeans. Denim, collected through a recycling campaign, is processed and used for the creation of a patch fabric from Japanese culture. The Boro fabric is flanked by leathers, workmanship and hardware conceived and elaborated for the new image of the maison.

"Credo che avere la terra e non rovinarla sia la più bella forma d'arte che si possa desiderare."

Cit. Andy Warhol

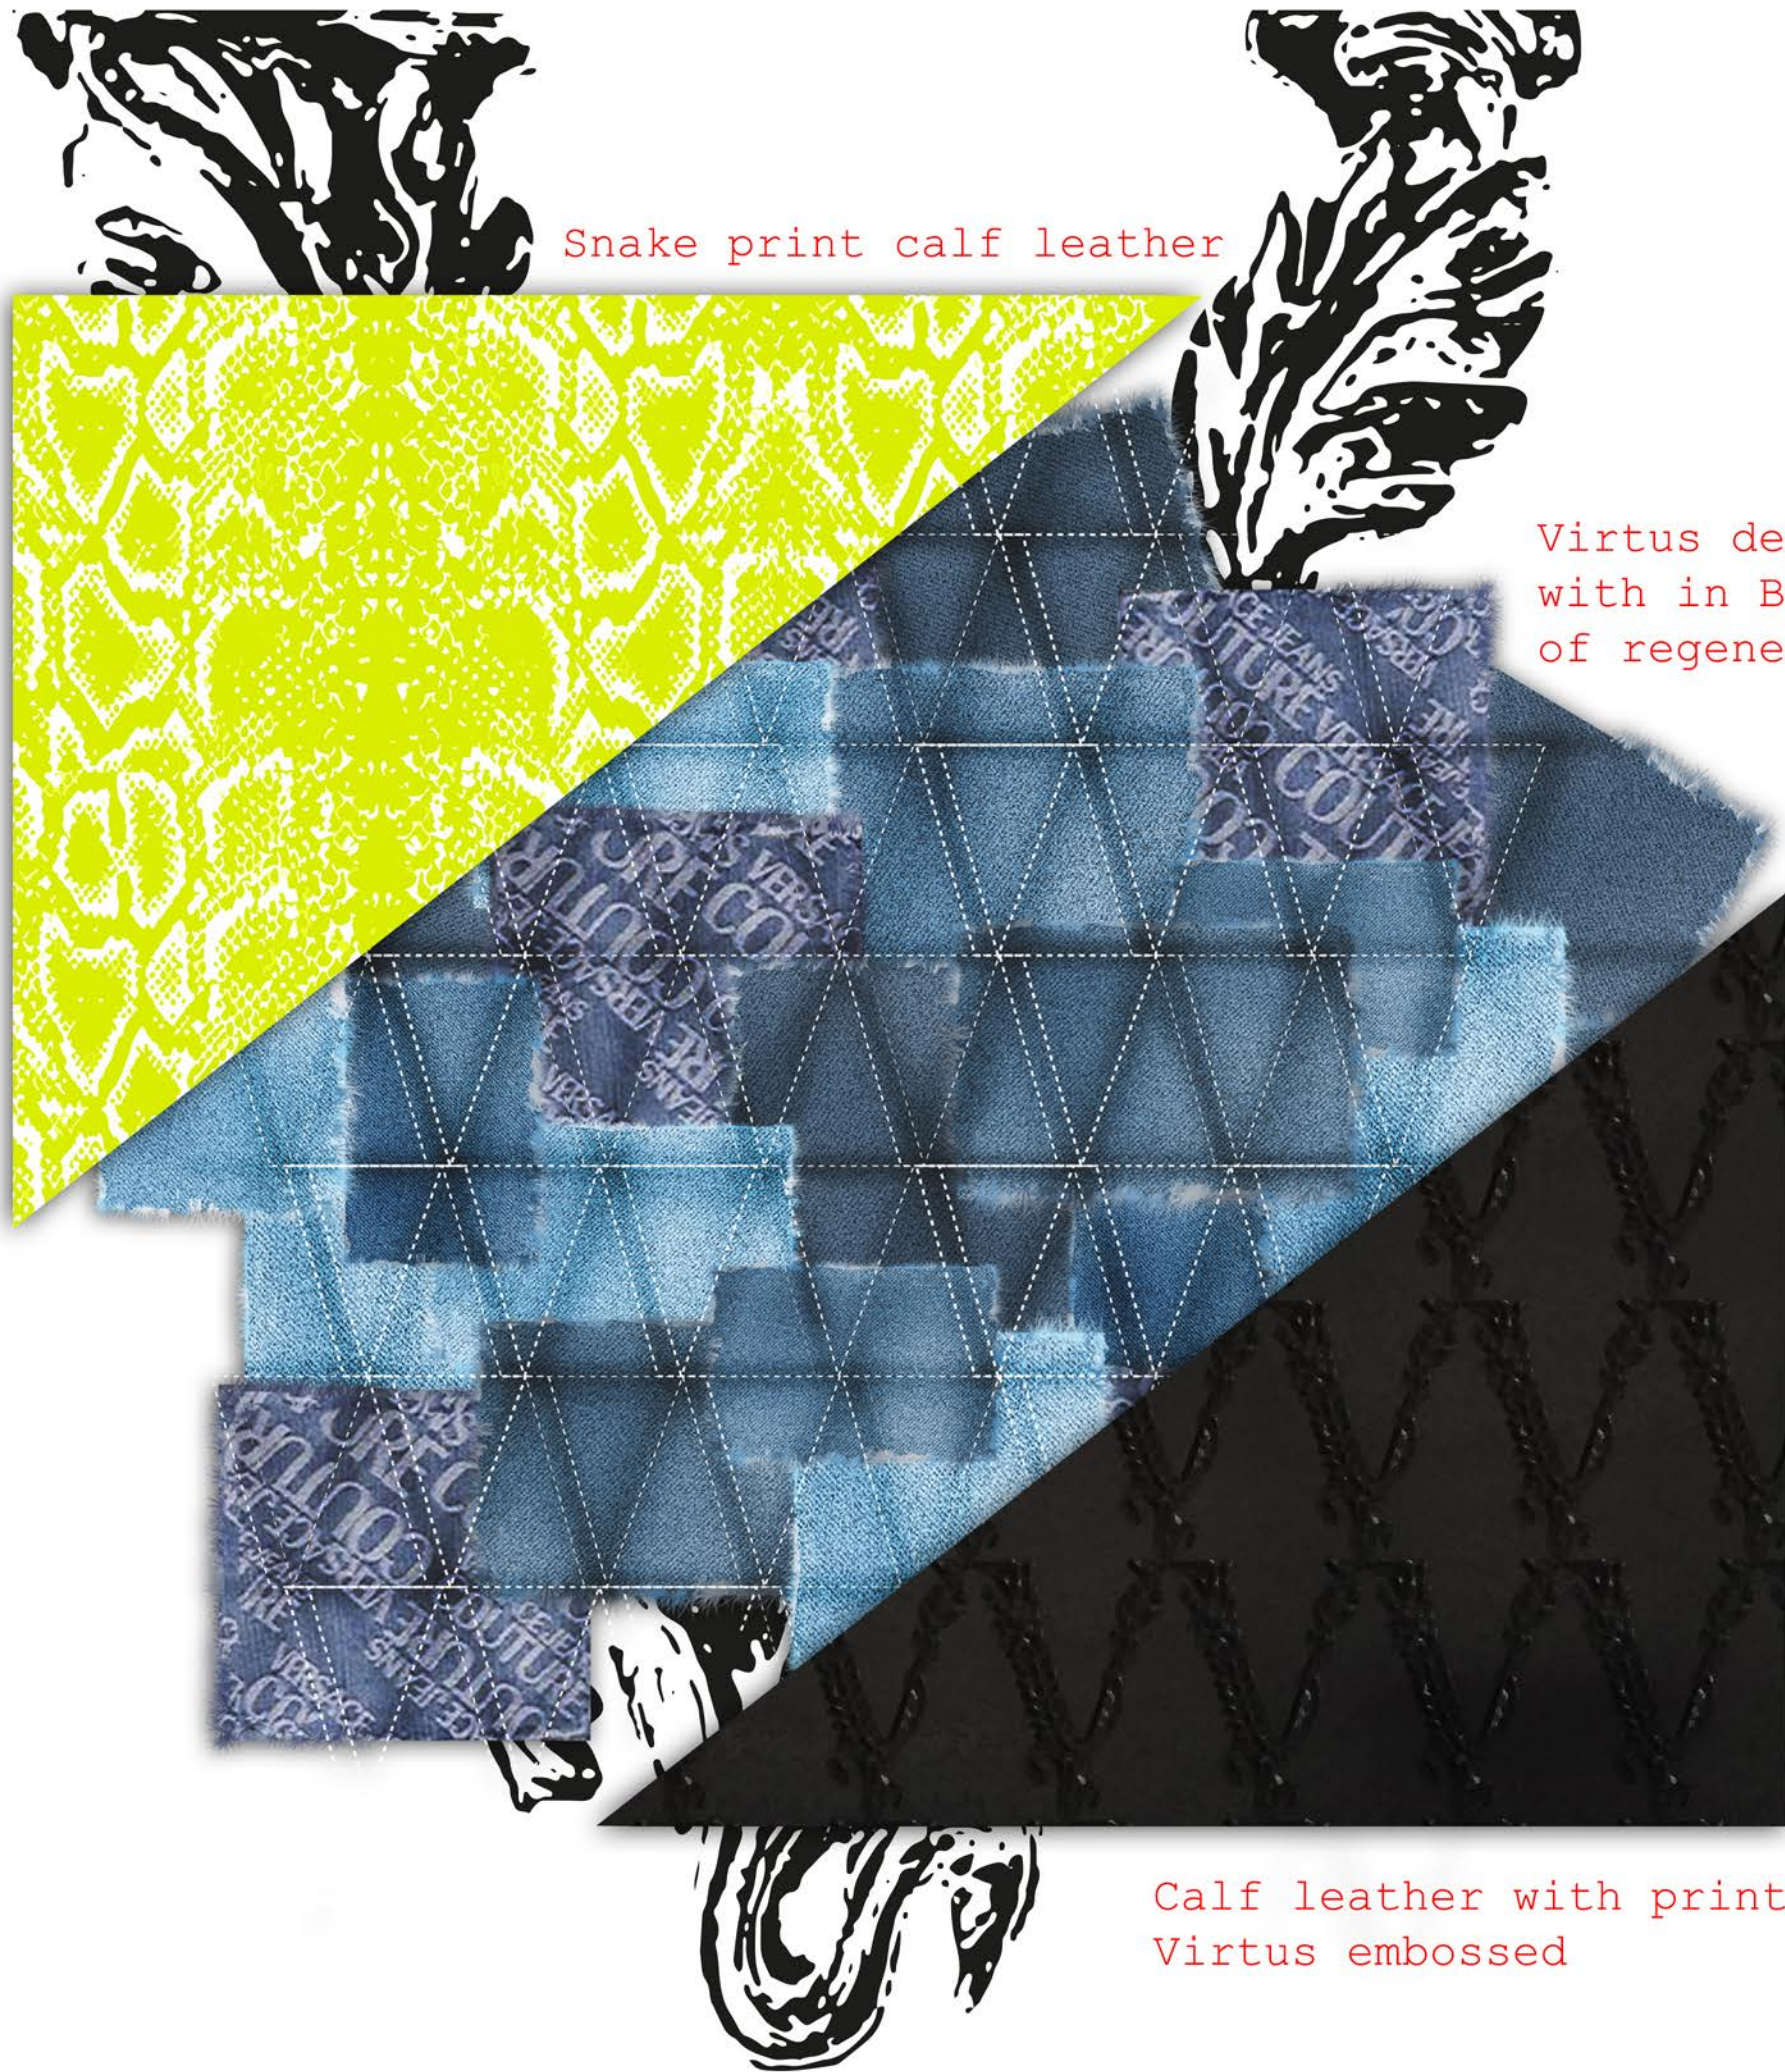

Una citazione che mi ha ispirato per l'ideazione di una capsule collection che cavalca il tema della sostenibilità.

Focus della collezione è il jeans rigenerato. Il denim, raccolto attraverso una campagna di riciclo, viene lavorato ed impiegato per la creazione di un tessuto patch proveniente dalla cultura giapponese.

Il tessuto Boro viene affiancato a pellami, lavorazione e hardware pensati ed elaborati per la nuova immagine della maison.
